## FRAIL, SICKLY CHILD

**Father Tells How Boy was Restored to Health and Strength.**  
 We have always told the people of Norwich that Vinol is a wonderful body builder for ailing children. Here is more proof of the fact:  
 J. L. Albury of Miami, Fla. says: "Our little boy was puny and cross from the time he was born, and we hardly knew how to handle him. When he was three years old he was weak and so cross we could hardly live with him, and we could not get him to eat anything. A friend asked us to try Vinol. We did so and you should see the change it has made in him. He is now a good-natured, healthy youngster, ready to eat at any time, and we cannot praise Vinol enough."  
 Vinol is especially efficient in building up puny, weak, ailing children, because of the real cod liver extractives, peptonate of iron and beef peptone, which it contains, and as it is without oil or grease children love to take it. Sold by G. G. Engler, Broadway Pharmacy.

### FRENCH PREMIER SAYS FIGHT TILL THE END

Until Prussian Militarism is Broken and Europe Regenerated.  
 Paris, Oct. 14, 2:20 p. m.—"Since France and her allies, in spite of their attachment to peace, were obliged to suffer war, they will prosecute it to the end and their intimate union will assure the final triumph of justice and right," says Premier Viviani in a declaration to be published tomorrow in the magazine lectures Four Years.

"France is not a country to be preyed upon," he continued. "She will not lay down her arms until after she has reorganized her resources, consolidated her frontiers with the fatherland and the provinces ravaged by force, restored her Belgium and broken Prussian militarism in order to be able to reconstruct upon a foundation of right regenerated Europe."  
 "Believing in our social, political and religious division, our enemies imagined this country's elements irreconcilable. What did they see? Workmen, employers, artisans, peasants, rich and poor men of all parties, all religious beliefs, striving to sacrifice themselves, all fulfilling their duty in defending their territory, all in the hour of revolution, in defending the liberty of the world. All understood that the most humble is useful to the fatherland; that from the general-in-chief, whose admirable swordplay compels the admiration of the world, to the very humblest, each has an indispensable role. The glory is for all; its light illuminates every forehead."  
 "It is not only to our army, whose heroism is guided by incomparable chiefs, that we shall owe victory; it is also to the nation that has been able to accompany that heroism with a union of silence and serenity in critical times. If these hours seem long, let us know to think of our country and everything will be easy for us."

Finance Minister Ribot, in the same issue of the magazine, speaking of the influence of finances upon the war will say:  
 "France will not lack resources to sustain her effort in this war that she did not seek but that she is determined to pursue without flinching. As far as concerns finances, she can look upon the prolongation of hostilities without anxiety. The end of the contest will not depend on our resources. "Let France keep the faith she has in herself; let her continue to understand her financial duty as she has understood her moral duty and her military duty. She will thus aid in the final triumph of justice and right, which is inevitable and that it awaits in the future."

### EXEMPT FROM CIVIL SERVICE.

Deputy Factory Inspector and Employment Bureau Superintendents Affected.

Hartford, Conn., Oct. 14.—The state civil service commission took affirmative action this afternoon on the application of the labor commissioner, William S. Hyde, for the exemption of his department from the operation of the civil service law. The matter had been before the commission for some time and there was much discussion as to the importance attached to the hearing and the decision of the commission in exempting the department. There are 14 positions involved in the exemption. They are the deputy factory inspectors, the superintendents of employment in the department. They are the position of special agent of the labor bureau. Commissioner Hyde told the commission that the exemption would change in the employment agencies, but he would not make a change in the agency in Hartford.

### BRIDGEPORT DEMOCRATS IN CITY CONVENTION

Nominated Alderman Daniel E. Walker for Mayor.

Bridgeport, Conn., Oct. 14.—Daniel E. Walker, alderman of the Fourth district, was nominated for mayor at the democratic convention tonight over Alderman J. E. Connelley by a vote of 24 to 24. Mayor Clifford B. Wilson was renominated by the republicans. Members of the Commission Government League failed to secure commission government for Bridgeport, but nominated former Mayor Henry Lee and an entire ticket.

### IDEAL FOR OUTING

Navy velours de laine develops this effect being gained by shirts at the underarm waist line, which is finished with a beautiful silk girdle instead of the ubiquitous belt. Over the V-shaped velvet collar, buttoning snugly, falls a deep cape of krimmer, which also affords deep cuffs.

SUITS, DRESSES, SILKS

Use gasoline to dry clean every thing at home and save \$5 in an hour.

Dry cleaning at home is all the rage here, says a well-known downtown druggist. Any woman can do five dollars' worth of dry cleaning at home at very little cost by dissolving two ounces of solvite in two gallons of gasoline, then immersing the articles to be cleaned; rub a little and in a few moments the gasoline evaporates and the articles cleaned look as bright and fresh as new.

Dry clean your own silk waists, dresses, ribbons, belts, kid gloves, satin shoes, evening slippers, fine lace, net work, woollens, dresses, children's coats, furs, veils, neckties, shawls, gentlemen's garments, fancy vests, lace curtains, rugs, in fact, everything that would be ruined by washing with soap and water. Nothing will fade, shrink or wrinkle, making pressing unnecessary.

Dry cleaning at home is inexpensive and effects a tremendous saving in the household and is really just as easy as laundering. Any druggist will sell two ounces of solvite with a small quantity of gasoline soap and your grocer or a garage will supply the gasoline. Then a wash boiler or dishpan completes the outfit.

## For good cooking use Cottolene

You will find in making biscuits, pie-crust, cakes and doughnuts that Cottolene is supreme, because it is the purest cooking fat and possesses important food values.

It is a precise combination of specially refined cottonseed oil, of the highest grade, with pure beef-stearine from selected leaf beef suet. This combination gives Cottolene its unexcelled cooking qualities.

# Cottolene

There are imitations, but there is no substitute for Cottolene.

For economy, as well as for good cooking, use Cottolene. You will require a third less of it than of any other shortening or cooking fat.

We guarantee Cottolene for its purity, for its wholesome qualities, for its food value, and for its superiority as shortening.

Anyone who can cook or bake at all, can cook and bake better with Cottolene.

Pails of various sizes. Arrange with your grocer for a regular supply.
